Nature Education Centre - Home | Facebook Ornithology is a branch of zoology that concerns the study of birds. Ornithologists may study the behaviour, physiology, and conservation of birds and bird habitats. Nature Education | DCNA In 2010, the education officers and park staff who are responsible for nature education came together in a workshop to engage in peer-to-peer learning, planning and material production. Their goal was to develop a standard, regional framework for youth nature education, which could be conducted as out of school activities. Nature and nurture in education - bold.expert Recent studies investigating the relative roles of nature and nurture in education have provoked much debate. This debate is partly fuelled by a misunderstanding, or miscommunication, of the term â€œheritabilityâ€™ and its scientific meaning.

How Nature Can Transform Education | Psychology Today In recent decades, this educational approach has gone by many names: community-oriented schooling, bioregional education, experiential education and, most recently, place-based or environment.
